TAURUS® LIGHT

Color the stage!

Led outdoor washer 21 ™

Ordercode: LOW21

Introduction

LOW21 is a new design and compact led outdoor washer light. The highly professional wash light is equipped with twenty-one 15 W RGBL LEDs with a 50,000 hour lifetime (18x15W, or other optional, like 5in1, 6in1 color). The color output is extremely pure, thanks to the small size with Ip65 rated, it's suite for any use for stage lighting.

Led outdoor blinder 600

TAURUS LIGHT

Color the stage!

LED tour par 600 ™

Ordercode: LTP600

Introduction

LTP600 is a creative new led effect light. A modern replacement for the classic blinder, based on the COB 600W RGBALC LED. Thanks to the LED technology used, this fixture has a very long service life, which can be a big problem in the case of classic incandescent blinders. LTP600 also has an LED ring that can be used to create an eye-candy effect. All the features listed above closed in light IP65 housing. With versatile structure, it can combine as 2 eyes, 4 eyes or any more with the combine accessories.

CYCLONE 1000 ™

Ordercode: C1000

Color the stage!
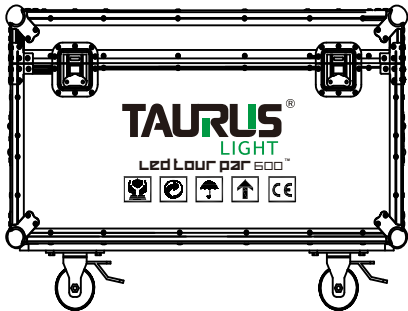

Introduction

C1000 is powered with 672 RGB LEDs and 112 cool white LEDs with the RGB LEDs divided into 32 sections and the white LEDs into 16 sections. The unit is equipped with Smart Glass Technology for unprecedented, frosted looks. The white LEDs deliver bright strobe effects and are integrated in such a way to complement the color LED sections. Its small size and weight, IP66 rating for applications indoors as well as outdoors, and uniform colors and effects make this fixture extremely versatile for any application.

CYCLONE 1500 ™

Ordercode: C1500

Introduction

C1500 is a new strobe light, features a large number of build-in patterns and giving users a fast and simple way of creating stunning effects whenever a media server is not available, or the installation requires a speedy solution. C1500 also offers a wide range of magnetic, easy-to-apply accessory filters. The two elliptical filters shape the light beam either vertical or horizontal with a frost effect, giving user even more effect possibilities. Its provides an IP65 protection, which guarantees its ideal use in outdoor applications.

GLAMOR MOVING BLADE 560 ™

Ordercode: GMB560

Introduction

GMB560 fixture is a dual-functional, bar and strobe fixture with no limits. Whether your needs are a pan and tilt zoomable color light bar or bright strobe fixture the GMB560 provides both in a compact, form-factor luminaire. The fixture's front five cells are each equipped with a powerful 60-Watt RGBW LED. The rear of the head, the strobe section, has 42 white LEDs plus 84x0.3W RGB LEDs for strobes. The unit's zoom range for the color section goes from a narrow 2.8 o to a wide 46 o for even fields of light and deep, homogeneous colors. The strobe section offers 14 individually controllable zones for unparalleled effects.

TAURUS LIGHT
Color the stage!
brightly outdoor beam 420 ™

Ordercode: BOB420

Introduction

BOB420 is an IP rated moving head beam projector. With an 420W(380W optional) lamp, BOB420 packs a tremendous punch for low wattage, which makes it very attractive for this class of narrow-beam moving heads. The output of this IP65 Beam light is impressive, with the light cutting an impressive beam through the air, easily visible several blocks away. With haze, the effect is even more impressive. Being weatherproof, water and dust exposure at events and shows is not a concern.

LED FRESNEL 600™

Ordercode: LF600

Introduction

LF600 is a soft-edged spotlight with more control over beam angle than floods, but less control than profiles. It's from 15 ~50 degree. Go green and make a significant reduction in dimmer energy and air-conditioning power consumption. The size of the beam can be adjusted by moving the lamp and reflector closer to or farther from the lens, by our designed of DMX or Manual zoom function, dont need to push the button on the light body, but can change zoom on controller. The beam can be shaped by the four barndoors attached to the front of the lantern.
